

WORK MADE EASY
Up to 35 % Higher Illuminance*

THE NEW AREA LIGHTS

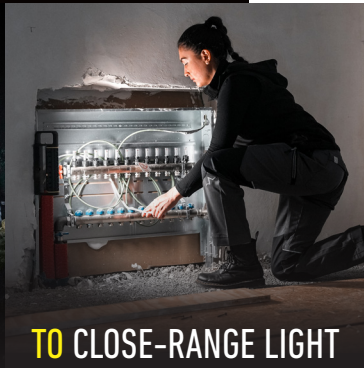

* Information on the back

VERSATILITY ENGINEERED TO PERFECTION

Our Area Lights are for all of you electricians, plumbers, painters, construction workers, craftsmen and DIY enthusiasts: You need to get the job done – and you depend on light. Bright light to illuminate vast work sites. Warm light to stage a project. Homogeneous light for close-range work. Portable light for on the go and stationary light for continuous illumination. The Area Lights combine all these features to make your job easier.

FROM PORTABILITY

TO STATIONARY USE

NEW FEATURES AND TECHNOLOGIES

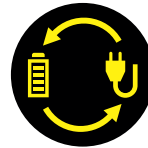

MULTI-CONCENTRATED LIGHT

The Multi-Concentrated Light technology directs the light to where you need it the most. The highlight: It makes your light 12 % more energy efficient and the illuminance is 35 % higher than that of conventional floodlights.*

REDUCED PERIPHERAL GLARE

Our Reduced Peripheral Glare guarantees less glaring at work. The LEDs are embedded into a waffle structure and concentrate the light. At the same time, the reflector grid prevent peripheral glaring.

HYBRID POWER

Battery or mains operation – products with Hybrid Power are designed to be used with both energy sources. Battery operation makes your product a portable companion, whereas mains operation is ideal for stationary use.

POWERFUL AND VERSATILE – Hybrid Power Meets Tunable Light

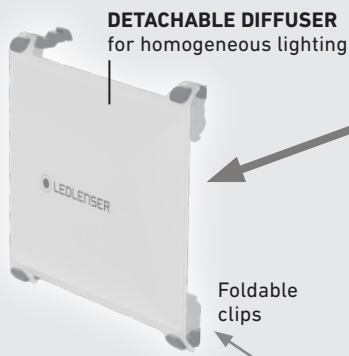

AF8R WORK

Item No. 502911

 4000-500 lm¹
 1,5-14 h¹

The Ledlenser AF8R Work is our mid-size Area Light for plumbers, HVAC installers, civil engineers, construction workers and painters. It comes with Hybrid Power and Multi-Concentrated Light and makes for reliable and powerful illumination – ideal for large construction sites.

 **DUST AND WATERPROOF**

-  **MULTI-CONCENTRATED LIGHT**
for highest light quality and efficiency
-  **REDUCED PERIPHERAL GLARE**
Less glaring at work

35%
HIGHER
ILLUMINANCE*

IDEAL FOR:

**NON-SLIP
SHOCK PROTECTION**

**STATUS INDICATOR LEDS,
5 BRIGHTNESS LEVELS**
(CRI ≥ 80)

**TUNABLE WHITE
3000 - 6500 K** 
Adjustable color
temperature for
various applications

ROBUST ALUMINIUM HOUSING

**FOLD-OUT STAND, HOLE
FOR TRIPOD, MAGNET
FOR FLEXIBLE MOUNTING**

AF2R WORK

Item No. 502921

YOUR MULTI-PURPOSE LIGHT, CLOSE AT HAND

- > 5 brightness levels for white light, 2 brightness levels and blink mode for red light (CRI \geq 80)
- > Flexible mounting via rubber hook, magnet, hook and loop straps or mounting hole
- > Powerful battery; easily rechargeable via USB-C, even during operation
- > Robust aluminium housing, non-slip shock protection; dust and waterproof (IP54)
- > 1000-50 lumens¹

Technical details

IDEAL FOR:

AF4R WORK

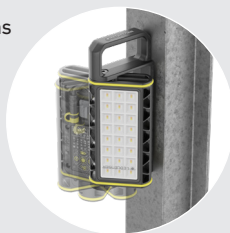

Item No. 502910

COMPACT, BRIGHT AND VERSATILE

- > Compact floodlight with 5 brightness levels and 5-step tunable white light (CRI \geq 80)
- > Dust and waterproof (IP67)
- > Robust aluminium housing
- > Bluetooth[®] ready⁴, separately available Bluetooth[®] controller
- > Flexible mounting options
- > 2000-200 lumen¹

Technical details

TUNABLE WHITE
3000 - 6500 K

AT10C WORK

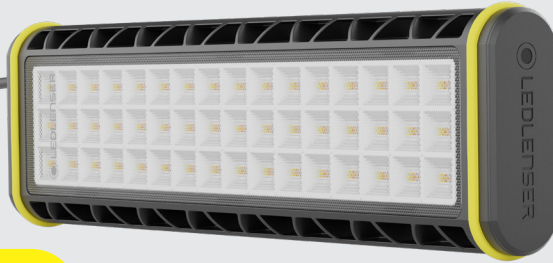

Item No. 502916

MAINS-OPERATED TASK LIGHT

Technical details

- > Extremely bright with 5 brightness levels and 5-step tunable white light (CRI \geq 80)
- > Flexible mounting via hook and loop fastener and M10 threads for tripod or wall mounting
- > Dust and waterproof (IP67)
- > Bluetooth[®] ready⁴, separately available Bluetooth[®] controller
- > Robust aluminium housing
- > 5000-500 lumen¹

DUST AND WATERPROOF IP67

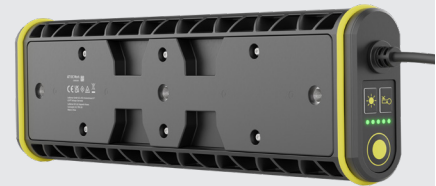

MULTI-CONCENTRATED LIGHT

REDUCED PERIPHERAL GLARE

TUNABLE WHITE 3000 - 6500 K

AF12R WORK

Item No. 502913

MAXIMUM BRIGHTNESS TO GET THE JOB DONE

Technical details
AF12R Work

- > Extremely bright floodlight with 5 brightness levels and 5-step tunable white light (CRI \geq 80)
- > Dust and waterproof (IP67)
- > Flexible mounting options
- > Bluetooth[®] ready⁴, separately available Bluetooth[®] controller
- > Robust aluminium housing
- > 8000-850 lumen¹

AF12C WORK

Item No. 502914

Technical details
AF12C Work

- > **Mains-operated** version of the AF12R Work without battery

DUST AND WATERPROOF IP67

MULTI-CONCENTRATED LIGHT

REDUCED PERIPHERAL GLARE

TUNABLE WHITE 3000 - 6500 K

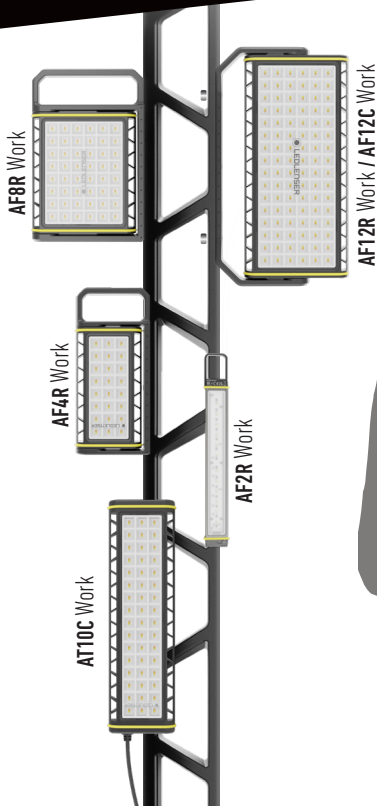

GUARANTEED QUALITY

- › Robust and reliable lights for daily work
- › 24 stress tests during design and development ensure performance and durability
- › All products backed by world class customer service
